SOW FOR WEBSITE:

FIRST PHASE: (Complete till 25 November)

FIRST PAYMENT RELEASE: 40K PKR

Selecting a right theme/template for e-commerce website. After theme selection customizing it according to our requirements. Making neccessary pages like: main home page, sign up page, login for customer and customer support pages.After that if any thing that the company wants to change like little changings in the website could be made.

SECOND PHASE: (Complete till 10 January)

SECOND PAYMENT RELEASE: 40K PKR

Integration of that website to zoho app or inventory so all the data or products in the website runs dynamically.

THIRD PHASE: (Complete till 20 January)

FINAL PAYMENT RELEASE: 55K PKR

In third phase, implementation of third party integration, payment gateways and after that website will pass through number of different testings to check that if it is running successfully without any error or if any error will be thrown then we would debug it in that phase after that we will go live, in Sha Allah. Using domain hosting provided by the company. And if the company wants to add any different third party payment method then they would have to provide it.
